

THE HAMLIN HERALD

IN 33RD YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JANUARY 28, 1938

NUMBER 13

One and Half Inches Rain Soaks Entire Hamlin Country, Some Water

The rarest thing in West Texas is rain in January. But this winter this part of the state has been having weather "June in January" then why be surprised at a June-like rain in January. And it was June-like.

Last Friday morning a gentle mist started and turned into a real fine, slow rain that wet things pretty well, all day.

Saturday it looked like the jig was up as far as any rain of any consequence was concerned.

Saturday night the roll of thunder and lightning started and by midnight old timers knew the unusual was happening in West Texas. Not a cold dry norther, filled with sand and disappointment, but that kind of rain that brings prosperity and happiness to our country. A real rain.

What did that rain mean?

It meant one and one-half inches of water all over pasture and farm. It meant that the fall was heavy enough and fast enough to cause even the upper branches of the California RIVER to trickle down and accumulate their contents into the upper City Lake to the amount of four feet and nine inches, as per the report of City Water Superintendent Bill Rountree. That is something here in what is usually cold, bleak and dry January. Think of it, water in the City lake at last, and all the ditches up and along the streets of Hamlin filled with water and every plowed field in the country soaked with life-giving rain water.

A rain like that this time of the year means early spring grass, weeds

and full budding of trees. Really if Hamlin does not get any more rain, soon we may expect lots of pretty yards here. This rain did not find as much plowed land as is usual in this country of tractors this time of year. Those who analyze this say it is because the cotton season lasted so long into the winter. Young wheat is greening up since the rain and ere long many fields that had been dry planted will show green life.

Before we conclude this piece let's remind you that all this about the rain here in January is for the consolation of the many Hamlin folks who live in other corners of the world. And some of these folks may have read in a certain daily paper of last Sunday reports of rains there and hardly any "here." Let's be fair and repeat just the few lines they gave Hamlin—Here it is:

Hamlin — "Cats and dogs" shower of brief duration loosed half an inch, after rain had missed Hamlin Friday.

What possessed any reporter or any newspaper to term any shower "cats and dogs" shower. Just what qualifications a shower must have to be called "cats and dogs"? We know cats and dogs fight, and sometimes they fuss among themselves. We are puzzled further by the statement that rain missed Hamlin on Friday. Had the informant been out all that day he or she would have become wet to the skin even through the old fashioned undies. Yep, bud it rained nearly your "half inch" Friday alone. Then

SCHEDULE FOR

INTERSCHOLASTIC LEAGUE

The County Executive Committee of Jones County Interscholastic League met in Anson, January 20, and decided on the following schedule for the various meets of the league for this year:

BASKET BALL

The Senior girls, class A and B, will meet in a tournament at Lueders on February 11 and 12.

The Grammar High School Juniors, girls and boys, will meet at Avoca on February 18 and 19.

The Junior High School Juniors, girls and boys, will meet at Hawley in a tournament on February 4 and 5.

RURAL DIVISION

The rural divisions of senior boys, junior boys, senior girls and junior girls will meet at Anson in a tournament on February 11 and 12.

Volley ball will be held at Anson on the afternoon of March 25, and all day Saturday, March 26.

Play ground ball March 26 at Anson.

The regular county meet will be held on March 18 and 19.

The committee ruled that the rules

what about Saturday night? Anyway the fact that Dry Callie Creek ran about four or five feet deep for maybe 12 hours and Old California RIVER came down and the fishes now have some water to start a new crop in, is sufficient proof that it DID rain more than one-half inch, 'round about Hamlin.

REYNOLDS NEWLY BUILT

PRESCRIPTION BOOTHS

The Reynolds Drug have recently re-arranged, re-decorated and enlarged their "prescription" department till the back of the store looks more alluring than the front of the store—indirect lighting behind the over-hanging lattice work lends a picture of charm and system to challenge the best.

Keeping ones business premises in trim shape is good advertising to the whole town as well as the individual place.

The Herald should have told on our good friends, Mr. and Mrs. G. R. Gilliam, that they have come back to their old home in Hamlin to spend a few months after being down in the pecan city of Brownwood. After all Hamlin is a mighty good place to come back to.

Mr. and Mrs. John Dixon, of Idalou, were week end guests in the home of Mrs. Dixon's brother, John McCray and family.

of the Interscholastic League bulletin would be followed in play ground ball so that there would be no confusion of the rules at the regular meet.

The committee ruled that there would be a tournament in debate instead of the round robin schedule.

The following persons were appointed by Director General O. W. Winstead to the following divisions: Arithmetic, E. E. Reed, Merkel, Rt. 2; typing and short hand, Miss Bernice Cumwell, Stamford; choral singing, Miss Ruby Dean, Hamlin; picture memory, Mrs. M. S. Barkley, Anson; story telling, Miss Peggy Elliot, Lueders.

For further information write the head of the division in question.

O. W. Winstead, Anson, Texas.

HAMLIN PREACHER

WENT TO JAIL

At least two facts in this article will sound "believe it or not."

It will be rather surprising to learn that one of Hamlin's ministers had to go to jail. He did "believe it or not."

It will be equally surprising that this same preacher who has a new car and yet would let the Herald's Old Buick out-run his. That's what happened last week 'believe it or not.'

Now don't get excited. But when a young man falls in love with a beautiful girl and said girl's father is a jail keeper, there is nothing left for the young but to go to jail. To jail he goes and to have a good and ancient ceremony there must be a preacher, and where on earth can better preachers be found to tie a matrimonial knot than right here in Hamlin? So up and away went one Rev. Hanks to jail to release an inmate and change her name from Miss Mozell Lilly to that of Mrs. Clifford Killingsworth.

This all happened last Sunday was one week ago. And the reason that the Herald did not get it last week was all because the Herald's Old Buick out-ran the minister's car and Bro. Hanks did not confess his incarceration in the Crowell, Ford County jail, till after press day.

The facts of this report are that Mr. Clifford Killingsworth, of Paducah, a jeweler, was the man in the marriage and Miss Mozell Lilly, the daughter of the jail keeper at Crowell, was the woman in the case.

Rev. Hanks reports a very pretty wedding in the well appointed and attractive rooms of the jailer's apartments in the jail. Both of the contracting parties were popular among the young people and as is

HERBST OIL WELL

GOING RIGHT DOWN

Dave Herbst was in town one day this week and he reported the Iron Mountain-Herbst No. 1 making good progress. By the end of this week they will be down about 1,000 feet or more. That is good work and means about one-third of the way to the oil, we hope.

This is a test well about eight miles east of Hamlin. It is about the fourth oil well attempted in the area about the Abbie Church and proves oil geologists believe its out that way somewhere.

McCAULEY GIRLS TO

SING AT GOSPEL TAB.

ERNACLE SAT. NIGHT

The McCauley Girls Octette, sponsored by Prof. V. W. Jackson, are to sing at 7:00 o'clock at the Union Gospel Tabernacle this Saturday night. You are invited to come hear them.

DR. L. P. McCREADY.

sometimes the case a few pranks were played on the bride and groom. The groom was spirited away and locked in a cell by the young men of Crowell while the young ladies under the guise of assisting the bride to start on the honey moon, flipped the locks on the young lady and thus for at least fifteen minutes enjoyed their single blessedness in dismal cells each alone.

One lesson we may get from all this is that one can never tell what may happen to a preacher or a bride and groom.

MARVIN YORK ELECTED TREASURER OF FRATERNITY

WACO, Jan. 24. (Special)—Marvin York of Hamlin, was named treasurer of the Baylor University Beta Iota chapter of the Delta Sigma Pi, professional business fraternity.

Delta Sigma Pi was organized under the sponsorship of the school of business at Baylor in 1930 with the purpose of fostering the study of business and to encourage scholarship and the association of students for their mutual advancement by research and practice.

To encourage high scholarship, the Delta Sigma Pi annually presents the Sig Scholarship key, awarded by the faculty to that senior who, upon graduation ranks highest in scholarship for the entire course in commerce and business administration.

WISE CHAPEL 4-H CLUB

Wise Chapel 4-H Club girls met January 21 at the Wise Chapel school house. Our sponsor was not present. Our club is slow in getting organized for so many of our members are moving and others are taking out. We now have around twelve members and are not sure of them.

At our meeting we sang some songs, then some of the girls presented a short program. They were then given a list of articles to put in their sewing box.

Some of the girls are to take part in the program at our next meeting which will be Friday, February 4. We are expecting Miss Gladys Martin to meet with us. —Reporter.

TIME TO CHECK UP ON YOUR PAPER

January is gone with this week and the second month of the year 1938 will be here next week. As usual, we check up on our subscription list at the beginning of the year and those who do not want the paper will not get it after the "check-up."

Please let us have one dollar right away if you desire the Herald to keep coming to your address. Don't be angry with the Editor if your name is dropped after your time expires. The best way to run a paper is to run it on a business basis. So let's have your renewal or if you have been borrowing it from your neighbor, let's have your name as a new subscriber. That is the best way. Come on folks, Hamlin territory is as good or maybe better than anywhere else, let's go.

ATTENTION LADIES

We have on display in our Shoppe assortment of New Spring Coats and Suits. Newest shades and styles. Attractive prices. Call and see these while the selections are good.

DO YOU WANT TO VOTE THIS YEAR?

AUSTIN, Jan. 27.—This is "First Voters Week" in Texas.

It was so proclaimed by Governor James V. Allred, who urged every citizen, particularly "first voters," to secure exemptions or pay their poll taxes this week before the deadline at midnight, Monday, January 31st.

Warning that 500,000 young Texans between the ages of 21 and 25 would not be allowed to vote in the state, congressional and local elections this year unless they secure their exemptions or pay the \$1.75 poll tax by midnight of January 31, the special proclamation pointed out that less than one-fifth of the half-million "first voters" of Texas actually voted in the last presidential election.

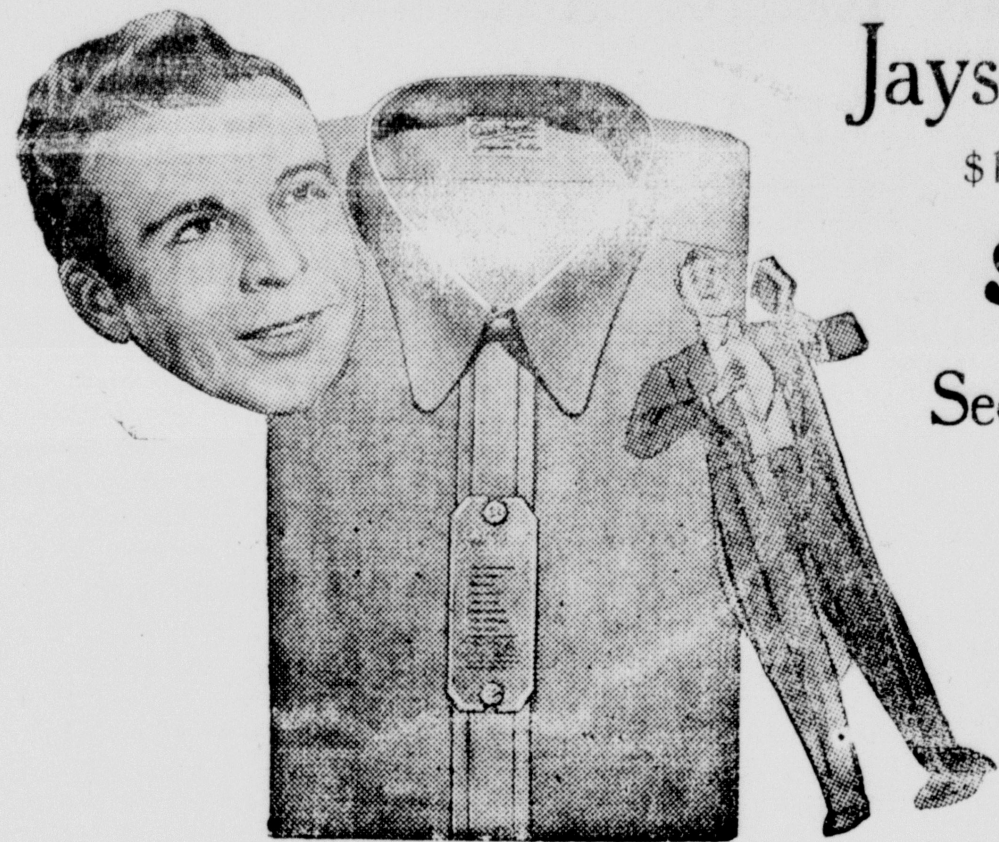

"Whereas, the principles of democracy demand that every person entitled to the privilege of suffrage exercise his right to vote in order to make our American form of government succeed," the proclamation read.

Governor Allred recently became the first associate member of the "First Voters" League and commended the organization which is sponsored by the Democratic party in Texas for its three fold program as follows:

- (1) To urge more young men and women between the ages of 21 and 25 to secure their exemptions or pay their poll taxes before the January 31st deadline each year.
- (2) To encourage everyone of the 500,000 or more "first voters" to exercise their constitutional right for a voice in their government by actually going to the polls on election days.
- (3) To foster "citizenship recognition" ceremonies in every city and community in Texas, for honoring youths who attain the age of 21 and remind them of their duties and responsibilities as citizens.

"The Store Ahead"

Uncommon Americans

By Elmo Scott Watson

Founder of the Chautauqua

THERE was a time when the chautauqua was "next only to the public school system in bringing to the masses of people some share of their inheritance in the world's great creations in art and literature." It was literally the "university of the people" and it was the creation of a man who did not himself have a college education.

He was John Heyl Vincent, born in Alabama in 1832 of a line of Pennsylvanians who moved back to that state soon after John was born. Educated at Wesleyan Institute in Newark, N. J., he began to preach at the age of eighteen and later was ordained into the Methodist ministry. Transferred to the Rock River, Ill., conference in 1857 he became the pastor of a church at Galena, Ill., where one of his parishioners was a quiet little ex-captain of the army named Ulysses S. Grant.

After a trip to the old world Vincent was elected general agent of the Methodist Episcopal Sunday School Union in 1866 and two years later corresponding secretary of the Sunday School Union and Tract Society in New York. In these offices he did more than any other man to shape the International Uniform Sunday School Lesson system.

In 1874 Vincent and Lewis Miller founded a summer assembly on Chautauqua Lake, N. Y., for the training of Sunday school teachers and in 1878 the Chautauqua Literary and Scientific Circle was instituted, providing a system of popular education through home reading and study. The next year the first of the summer schools was organized and these developed rapidly.

In speaking of his work at Chautauqua Bishop Vincent said, "I do not expect to make a second Harvard or Yale out of Chautauqua, but I do want to give the people of this generation such a taste of what it is to be intelligent that they will see to it that their children have the best education the country can give."

How well he succeeded in doing that is shown by the extension of the idea—to the summer schools of colleges and universities, the summer assemblies, conferences and training schools of the various religious and secular organizations and the summer courses of lectures and entertainments which made the word "Chautauqua" a common noun. It is also shown by the declaration of Theodore Roosevelt that "Chautauqua is the most American thing in America."

BLACK-DRAUGHT

A GOOD LAXATIVE

WILL BE CANDIDATE

FOR REPRESENTATIVE

This week the Herald had as a visitor, Frank M. Locke, of Stamford, formerly county commissioner of Jones County. Mr. Locke let it be known that he is in the race for State Representative of this district.

In one or two papers he has announced his platform and from week to week, he will include other papers, and maybe his picture. All he had in mind this week was to let the "secret" out, here in Hamlin.

We understand there is already an Anson man out for the same place.

Iris Pribble, of Hobbs, New Mexico, was here Monday night and a short time Tuesday morning for a visit with his parents, Mr. and Mrs. L. B. Pribble. Iris, with his brother Foy Pribble, operates a flower shop in Hobbs, and about two weeks ago they had the misfortune of having their car stolen in that city. The car was later found in Snyder and Iris had come to Snyder to get his car, and took advantage of being so near Hamlin to make a visit here.

No life can be pure in its purpose, and strong in its strife, and all life not purer and stronger thereby.—Owen Meredith.

Mrs. W. J. McGee is leaving this week to make her home in Big Lake, Texas. She has lived here a long time and not only leaves some valuable property in Hamlin but a host of friends.

Get your typing paper at the Herald Office.

With morning came the repair crews

A winter rain, falling slowly from leaden December skies, froze to telephone poles and lines. Hard on its heels came the wind. Ice-laden wires snapped and poles splintered before the blast.

Night found scores of towns throughout the storm region handicapped by crippled telephone service.

But...with the morning came the repair crews. Hastily gathered from regions untouched by storm, by a management long familiar with such emergencies, they poured into the stricken area with trucks, tools and materials. Day and night they rushed the work of reconstruction.

One advantage to you of the Bell System's far flung organization is this: When disaster strikes, the telephone system that men and money and materials are instantly available for prompt repair of the damage. Southwestern Bell Telephone Company.

GARLAND H. TUMLIN

B. C. BROOKS DIED SUNDAY MORNING

Death came to B. C. Brooks at the Hamlin Hospital early Sunday morning, January 23. His death followed severe burns that were received the day before. The best information concerning the burns are that Mr. Brooks and his little son, George, age about 7 or 8, were in their home and that Mr. Brooks tried to start a fire in an open fire-place with coal oil and his clothing became ignited. It would seem that he tried to extinguish the flames with a quilt out in the yard but there was a burned place on the floor where he was later found by neighbors. The little boy first ran to inform a neighbor, Mrs. Kennedy, who in turn called Mr. Walker and they found the suffering man and later he was taken to the hospital.

Mr. Brooks was 53 year, 8 months and 12 days of age. He was a native of Tennessee, born May 11, 1885. He had lived many years in Hamlin, having his residence in North Hamlin. He was a concrete contractor by trade. A wife and five children survive, all living at McCamey except George. Their names are Misses Lois, Bonnie Fay, Mrs. G. L. Holifield and Mrs. Virgil Hass. There are three grandchildren.

Funeral services were held at the residence Monday by Rev. L. P. McCrary, and the body was placed to rest in East Cemetery by the Barrow Company.

Mrs. Brooks and the children desire that the Herald express for them their thanks and appreciation for anything and everything that was done for Mr. Brooks by his neighbors and Hamlin people. Mrs. Brooks and all the children came for the funeral.

HAMLIN HOSPITAL NOTES

Mr. and Mrs. C. McCoy are the proud parents of a girl born Jan. 20th. Mrs. McCoy and little Barbara Ann were released from the hospital Jan. 24th.

Mrs. Sidney Johnson and little son, Sidney Virgil Jr., were released from the hospital Jan. 21st.

B. C. Brooks was admitted to hospital Jan. 22nd for treatment of burns. Mr. Brooks expired at 6:30 A. M. the following morning.

Mrs. T. E. Carter, Hamlin, was admitted to the hospital Jan. 22nd and underwent minor surgery Jan. 23rd. Mrs. Carter was released from the hospital Jan. 25th.

Clifford Stewart was dismissed from the hospital Sunday, Jan. 23rd. Mr. Stewart underwent an appendectomy Jan. 16th.

Dorothy McDougle, daughter of Mr. and Mrs. P. H. McDougle, Hamlin, underwent an emergency appendectomy Jan. 23rd. Miss McDougle is reported doing nicely.

G. E. Dunman underwent emergency appendectomy at Hamlin Hospital Jan. 25th. His condition is reported improving.

Mr. and Mrs. Jim Evatt and son, Dickie, of Cisco, visited their parents, Mr. and Mrs. Clyde Benham, Sunday.

St. Louis Star-Times: The American Automobile Association says a man can park a car properly, but that a woman cannot. How does the AAA know? Has any woman ever tried to park a car properly?

LOCAL NEWS FROM FAR AND NEAR

(By TRESSIE BROWN)

A fine fresh northern for us farm people to keep us moving to keep warm.

Mr. and Mrs. Arza Brown and little sons, Joe E. and Hoyle, spent the week end with Mr. and Mrs. John Greenway and family of Roby.

Mrs. Jim Johnson spent the week end with relatives in Abilene.

A singing convention was held Sunday afternoon at the Nazarene Church of Hamlin. A large crowd attended.

The singing school in progress at Boyds Chapel is well under way. A large number is taking interest and how we are improving. Messrs. Fred Bennett and Henry Ship of Anson are excellent instructors and their patience and kindness is appreciated by their pupils.

WENT TO ALBANY

A number of Hamlin ladies of the Methodist Church went to Albany Wednesday to attend a zone meeting. In the number going were Mesdames Moody, Teague, Hanks, Bailey, Wiar, McCrary, McBride, Davis and Clinton Barrow.

People's minds are changed through observation, not through arguments.—Will Rogers.

Bryant-Link Company Sponsoring Hollywood Feature to Hamlin

"Friendly Valley" to Be Shown Here as a Part of John Deere Program Saturday

"Friendly Valley," an all-Hollywood picture, will be the main feature of Bryant-Link Co. John Deere Day Show which will be held in their warehouse on Saturday, January 29.

This brand-new all-talking picture is packed with human interest, good music, dancing and homely philosophy. In the large cast of Hollywood entertainers and Frank Darie, Edward Keane, Paul Barrett, Lenita Lane, Louise Keaton and many others.

The story portrays the loyalty of a rural community to the home-owned radio station that serves that community — loyalty that is typical of a small town and rural people. It shows how the people of "Friendly Valley" rally to the support of Marjorie Kent and WFV; and how Jimmie Badger brings Marjorie and WFV into the Badger network.

Three other pictures will be shown in addition to the feature present-

tation. They include "School Days," an instructive and educational picture on tractor service and tractor design; "Champions on Parade," a comprehensive portrayal of the most modern farming methods; and a short news reel showing new developments in agricultural equipment.

In addition to the four talking pictures, the John Deere Day Program will include several talks and demonstrations that you'll be interested in, and Mr. Jones, manager of the Hardware Department, cordially invites every farmer in this area to attend this big day of entertainment and education.

"Our John Deere Day show is a part of a national program sponsored by John Deere dealers," says Mr. Jones. "For several years, John Deere dealers throughout the country have been putting on these shows. And because of the high quality of the programs, more and more farmers and their families

have been attracted each year.

"I want to take this opportunity to extend a special invitation to all farm boys and farm wives. They, too, will enjoy our John Deere Day, as our program has been designed to be of interest to them, as well as to farm men. I promise everyone who comes a real treat."

Plans are being made to make this open house one of the big events of the year in this community, and farm families from many neighborhoods will have an opportunity to get acquainted there and exchange ideas and experiences in their own farming operations. Dozens of new ideas will be presented during the day which will be valuable to everyone present.

According to Mr. Jones admission will be made by ticket only, and any farmer who has not received tickets can get them by inquiring at the Bryant-Link store before the show.

As a Pullman conductor made his way through the train, he came upon a woman who was weeping bitterly.

"What is the trouble, lady? Is there anything I can do?" he asked. "Oh, sir," she replied, "I am taking the body of my third husband East to have it cremated."

The conductor consoled her and went his way. On his return he found a lady across the aisle weeping even more bitterly. Again he asked if he could be of any assistance.

"Just to think," sobbed this newly grief-stricken one, "that woman has men to burn, and I can't even get one."

Health-Wrecking Functional

PAINS

Severe functional pains of menstruation, cramping spells and jangled nerves soon rob a woman of her natural, youthful freshness. PAIN lines in a woman's face too often grow into AGE lines!

Thousands of women have found it helpful to take Cardul. They say it seemed to ease their pains and they noticed an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.

Try Cardul. Of course if it doesn't help you, see your doctor.

John T. Day was carried to the Abilene Hospital early Wednesday morning. He had not been well for several days and Wednesday a high fever gave indications of pneumonia and he was rushed to the hospital.

HAMLIN MEN ATTENDED BANQUET IN SWEETWATER

Monday night was Sweetwater's annual Chamber of Commerce Banquet. In that city they call it the City Board of Development.

Invitations are generally sent out to other towns for a number of representatives to be their guests. From Hamlin Earl Smith, W. E. Benson and Bowen Pope went and enjoyed their hospitality.

We might say here that the Sweetwater Board is one of the few operating as a tax-supported affair. That city occupies what might be termed the "cross-roads" of West Texas, especially from a rail point of view.

In the talk by some one on the program, we were impressed by this point: "Keep your town sold to your own citizens" and further on we heard: "We must stand together, co-operate fully if our town is to hold its own" and summing up, we would state it in these few words: "Any town or community is in fact what its own citizens make of it, within their power."

If we should give our own expression on the subject, we would say that whenever a person ceases to believe in his own town or community and support it morally and financially, then it is time for such a person to move. No place is perfect, there is always something to be adjusted, fixed, finished, and if anything comes up that ought to be done and can not be accomplished, then all should accept the situation and become reconciled that whatever it is we wish and can not have it, then make up our minds to be happy without it.

MR. AND MRS. R. B. WIAR HOST TO MERRY MAKERS

Mr. and Mrs. R. B. Wiar entertained the Merry Makers Club in their home at the Shell Pipe Line Station, Thursday evening, Jan. 20. Games of 84 were played resulting in the women carrying off the honor of winning high score.

At the conclusion of the play a salad plate with individual cherry pies and punch was served.

Those enjoying this pleasant evening were Mr. and Mrs. L. E. Griffin, Mr. and Mrs. Ira Clements, Mr. and Mrs. H. O. Cassle, Mr. and Mrs. Harold Bonner, Dr. and Mrs. Joe McCrary, Mrs. Mart Farrow, Mrs. J. E. Bury and Miss Frances Cheneault.

SORE THROAT—TONSILITIS! Mop your throat or tonsils with Anesthesia-Mop, our wonderful new sore-throat remedy and if not entirely relieved within 24 hours, purchase price will be cheerfully refunded. REYNOLD'S PHARMACY. (3-1938)

THE HERALD and the

DALLAS Semi Weekly Farm News make a good economical combination — both of them cost but \$1.75 for a full year. Come in, let's go.

The Hamlin Herald

PUBLISHED EVERY FRIDAY

BOWEN POPE ----- OWNER AND EDITOR

ENTERED AT THE POSTOFFICE OF HAMLIN, TEXAS, FOR TRANSMISSION THROUGH THE MAILS AS SECOND CLASS MATTER.

ONE YEAR \$1.00

SIX MONTHS 50c

EDITORS' HEARTS

CAN'T STAND IT

This week Ye Herald man was in Sweetwater and we learned there that Luther Watson, editor of the Nolan County News, and by-the-way Mayor of that city, had been ill for several months with heart trouble. We are glad he is getting back on his feet and since he is getting well we might take a whack at him for his activities the past six months or so.

Watson should know by this time that editors can't stand everything and anything. First you have a whale of job being the "goat" for your good paper. Then you take upon yourself the job of heading the city as Mayor. And in that capacity, if we remember correctly, you acted as a judge at a Beauty Show in a neighboring city a few months ago . . . that was just too much for any editor's heart. Be careful Luther, the way you aer going would bring down a young man. Glad you are up but by-gum be careful, where you look and what you see.

FIRE IS EVERYBODY'S BUSINESS

Closed by fire!

At frequent intervals that happens to American factories and other places of business. Gutted buildings, empty windows, a little of ash and rubbish—these are all that remain of a once-busy enterprise.

In all probability, the actual physical loss is wholly or largely covered by insurance. But that doesn't mean the 'fire bill' is paid. Far from it—for the indirect costs of fire are several times as great as the direct costs.

When a business establishment is gutted, it no longer pays its normal taxes. Its employees are discharged. Their purchasing power is brought to an abrupt stop. They are no longer able to pay rent and bills. Many of them may leave the town to search for employment elsewhere. Others become burdens on the community, looking to charity or relief for support. Every merchant, every professional man, every citizen feels the adverse effects of empty pay envelopes.

Thus a large fire touches us all. Its consequences extend throughout the entire community. In time, the building may be replaced, new machinery installed, and men again given jobs. But in the meanwhile, the community has suffered an irrevocable loss in wages, taxes and business turnover.

Fire is your business and everybody's business. If you think a blaze that destroys someone else's property doesn't hurt you, you were never more mistaken in your life. For all of us pay the bill for fire—and all of us reap the benefits when fire loss is reduced.

B. Hassen was taken to a hospital at Muskogee last Sunday. His condition was not so good the last few weeks and he spent some time in the Stamford hospital before leaving for Muskogee.

Points and Personalities

by doris pope

Imagine us spending an entire week without being able to talk!—and that's just what happened this week.

Last Thursday we suddenly developed a first class head cold, sinus infection and laryngitis, and instead of getting better, we steadily grew worse. For eight long days now we have been "voiceless," thus making it impossible for us to go out and talk. That sort of puts a damper on our column, 'cause the only way to make the other fellow tell what he knows is to start gabbing. Then since we have been in bed much of this time and haven't been out to "see" things that leave us more than a blank.

Our friends have been very sympathetic and free with advice as to their own special "sure-cure" remedies. Well, we tried them all and still we got worse.—We used all brands of nose drops from Smith's to Boodernhydern's; we gargled aspirin and swallowed aspirin; we drank bicarbonate of soda straight and we drank it mixed; we choked down pills that varied in hue from a dainty, delicate pink to a dull muddy brown; then we went the rounds of the patent medicine cold cures, but even yet, we coughed and wheezed.

After that we felt like a special mixed fizz and the first cousin to a guinea pig.

At last we stopped in to see one of our doctor friends who prescribed a simple "old fashioned" routine to overcome our trouble. Then with mom taking a hand and putting us to bed with a flannel cloth around our throat and a hot brick to our feet we are about to recuperate. So it's the "old fashioned things" in life that count after all.

Next week we hope to be back with plenty of points and shining personalities.

4-H CLUB WORK

The Bethel Girls 4-H Club met January 21, 1938. The secretary called the roll, and read the minutes. Miss Hargrove gave the girls some physical exercise.

Three new members were present at this meeting, Misses Mary Lue Davenport, Betty Gene Barton, Dorothy Nell Jenkins.

Pauline Hargrove, county home demonstration agent, took charge of the meeting. Mrs. Alvie Mullins, our sponsor, was also present at this meeting.

The members present were: Jackie Barton, Dorothy Nell Jenkins, Maurine Smith, Juanita Bruner, Mary Lue Davenport, Bobbie Louise Sauls, Lydia Dora Oneal, Dora Ann Grimes, Betty Gene Barton, Eula Fudge, Glenna Mearl Fudge and Verlie Joe Bruner.

The next meeting will be held at the Bethel school house Friday, February 4, at 10:30 A. M.

—Reporter.

MODERN YOUTH EX-

PRESSES DEFINITE IDEALS

The boys and girls of today ask a lot—not the least of which are "brains" and "personality," when they go hunting for their ideal in the opposite sex.

That, at least, seems a fair conclusion to The Skiff, Texas Christian University newspaper, after a campus survey.

The boys, in sketching their feminine ideal, sum it up about like

this:

"The ideal coed should possess both brains and personality. She should be reasonably good looking, know how to wear clothes attractively, know a bit about the political situation and have a philosophy of life. She should dance well, know how to order a meal, understand sports, and not think it her object in life to spend all a man's money. She should know when to have a good time and when to be serious."

The girls, in turn, specify for their ideal boy-friend:

"He should know his way around, have personality plus a sense of humor, be clean, considerate and friendly. He need not be handsome but should be definitely masculine and know how to dress well. He should be able to carry on an intelligent conversation as well as dance. Above all, he should not get the idea that he owns a girl just because he takes her out some evening and spends a little money entertaining her."

The Herald is only \$1.00

K. Waheed of Munday, a cousin of B. Hassen, is assisting at the store while Mr. Hassen is taking treatment in the hospital at Muskogee.

J. R. Rimmer has been suffering for several days with a carbuncle on one of his shoulders, and was taken to the Stamford Sanitarium where an operation was performed Tuesday. He should be back home in a few days.

MEN...

if You Promised a Penthouse,
stay out of the Doghouse
by giving her
Electric Cookery

Men, if your wife had illusions of grandeur when she married you . . . worshipped you as a super-man . . . then remember this: *A disillusioned feminine heart is more to be feared than a woman scorned!*

If she expected a penthouse, you're apt to land in the doghouse . . . unless . . .

All-electric houses no longer are illusions. And they're grand! Penthouses, of course, are rare in West Texas. Instead, we have *electrified* homes. They're better. And, fortunately, any home has all the grandeur of a penthouse if equipped with the right kind of servants . . . Electric Servants. Electric cookery, refrigeration, dishwashing, water heating, sweeping, entertainment, food mixing, coffee making, sun tanning and clothes washing—all make every home equal to the luxurious penthouse . . . a feminine dream born of fiction and suppressed desires. So, men, don't disillusion your wife by condemning her to another year, midst hated kitchen drudgery.

WOMEN...

Why Wait Until 1960
to Cook Without a Fire?

It was recently predicted that "cold" or "magnetic" heat would be practical for general cooking purposes about 1960. It was demonstrated how an egg can be fried without fire by using high frequency current magnetically transferred to the skillet from an electric coil. That is "cold" or "magnetic" heat.

And that, ladies, is merely another form of *Electric Cookery*, which today is practical and available in every home already having the many other advantages of Electric Service!

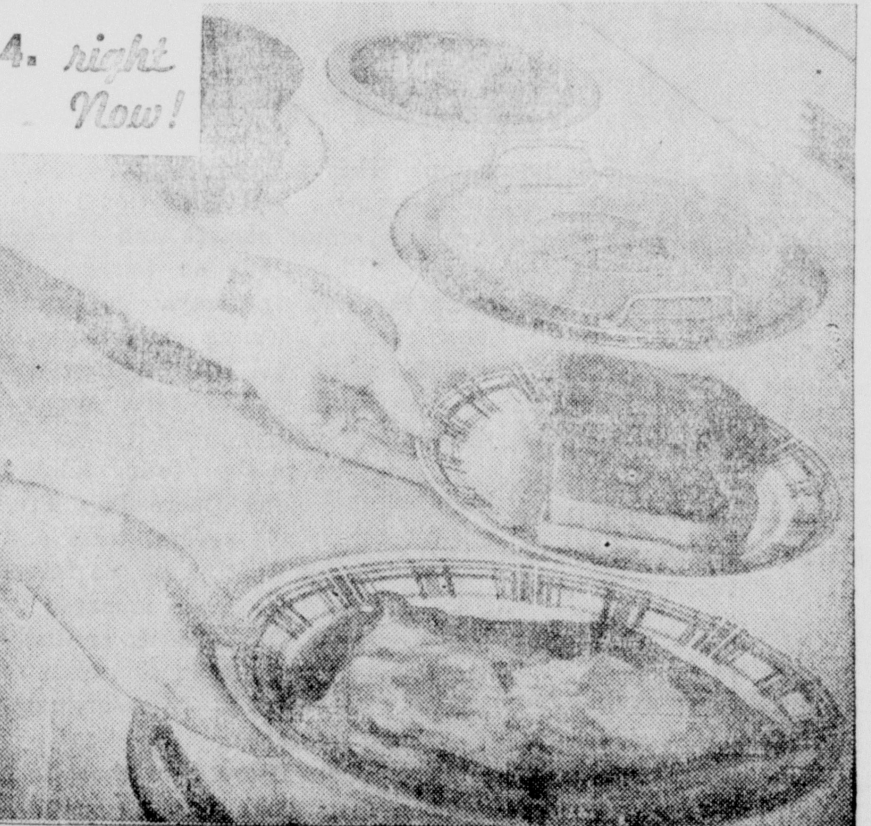

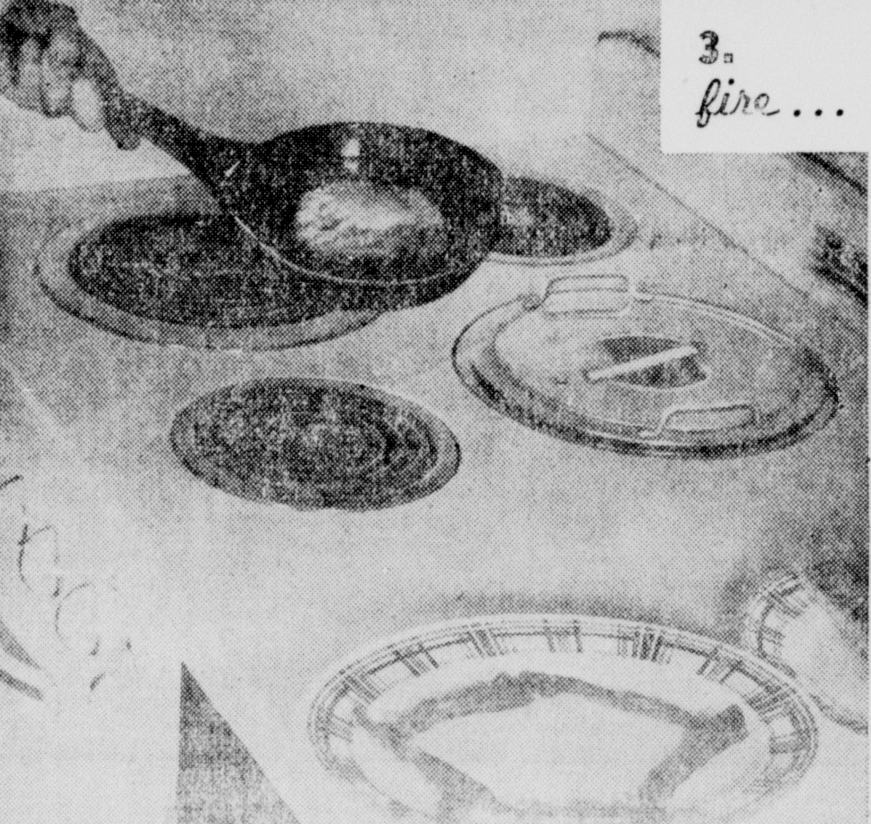

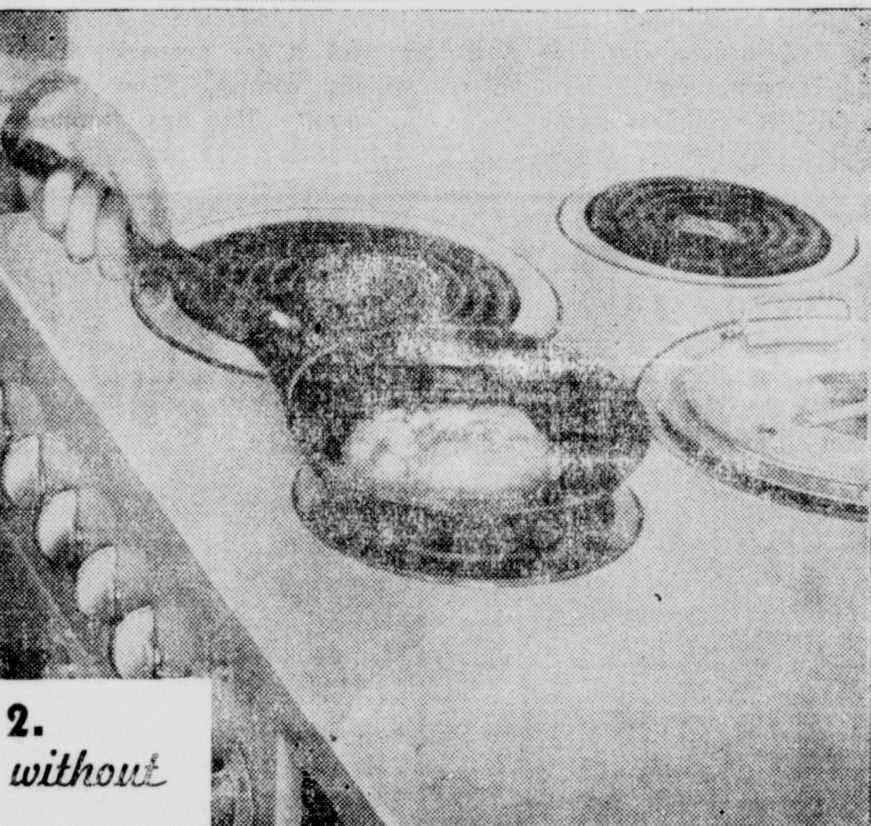

CALROD is the name of Hotpoint's patented metal-sealed flat-top cooking coil that has revolutionized electric cookery. It has brought new speed, new cleanliness, new economy and longer life to electric ranges.

In the Picture: With an electric range, a bacon-egg-toast-coffee breakfast can be prepared in less than 10 minutes. Fix bacon and toast in oven while eggs fry and coffee percolates. Electric fuel for this type of breakfast costs less than three cigarettes.

1. You have five cooking speeds in 1938 models. Use *super speed* to heat skillet. 2. Turn switch to *half speed* for frying . . . or for fast boiling. 3. A second egg may be fried with switch turned to *quarter speed* . . . an ideal heat for steaming fresh vegetables. 4. A delicious breakfast without smoke or fumes in kitchen or dining room! For other meals, you have two other *low speeds* for economical cooking of foods.

⋮ Society and Clubs ⋮

VALENTINE THEME

CHOSEN FOR PARTY

Mrs. M. T. Woodward and Mrs. John Ed Day were co-hostesses Saturday afternoon, when they entertained with nine tables of bridge, in the home of Mrs. Woodward on Central Avenue.

Red carnations and white chrysanthemums decked the entertaining rooms where a Valentine theme was used in game appointments. The same motif was repeated in prize wrappings and the attractive salad plate served at the tea hour.

The high score prize, a lovely pottery pitcher, was awarded to Mrs. Paul Fowler and table prizes, which were small potted red coleus, went to Meses. Art Carmichael, A. D. Ensey, G. H. Tumblin, T. A. Thigpen, W. F. Johnson, J. C. Culbertson, Bill Rountree, D. D. Harden and J. E. Moody. Others playing were Meses. John T. Day, A. E. Pardue, C. C. Prater, Tom Williams, J. P. Morgan, Gerald Morgan, Arice Jones, R. H. McCurdy, H. L. McDage, D. H. McCurdy, H. L. McBride, C. G. Green, Ray Willingham, Bob Low, F. B. Moore, Dick Moore, Elmer Feagan, J. E. Bury, W. R. Calhoun, Clinton Barrow and J. L. Keen; Meses Nadine Morgan, Ruby Thompson and Miss Leone Meadows, of Wichita Falls.

ENTERTAINED

WITH BRIDGE

Friday afternoon Mrs. J. E. Moody and Mrs. Fred Carpenter were joint hostesses when they entertained a group of friends with bridge in the home of Mrs. Moody on Lake Drive.

Dooms were attractively decorated with cut flowers and potted plants. High score was made by Mrs. John T. Day. A delectable salad plate with Russian tea was served.

Those present were Meses. J. C. Day, John Ed Day, G. H. Tumlin, J. W. Ezell, Elmer Teagan, Bob

J. W. Ezell, Elmer Teague, Bob Low, Gerald Morgn, Ted Bledsoe, M. T. Hudson, D. O. Sauls, D. D. Harden, Q. Martin, Bob Barrow, Frank Lawlis, Bill Rountree, H. L. McBride and Mrs. Billy Bryant, of Stamford and Miss Naidne Morgan.

ARCADIAN CLUB

Mr. and Mrs. C. G. Green entertained the Arcadian Club in their home on Union Avenue, Friday evening.

Red carnations added attractiveness to rooms where a Valentine motif was used in table appointments. In bridge games Mrs. A. E. Pardue and Mrs. R. H. McCurdy held high scores. A sandwich plate with pie and coffee was served at the conclusion of games.

Those playing were Dr. and Mrs. McCurdy, Mr. and Mrs. Joe Culbertson, Mr. and Mrs. J. E. Moody, Mr. and Mrs. J. E. Moody, Mr. and Mrs. J. P. Morgan, Mrs. C. C. Prater and Mr. Green.

WOMAN'S LITERARY CLUB

HEAR BOOK REVIEW

In the study of Southern Fiction, Friday afternoon the Woman's Literary Club heard the book, 'Banjo On My Knee' reviewed by Mrs. J. Frank Johnson. Others having part on the program were Mrs. Art Carmichael who read a paper, 'The River People' and Mrs. Heflin Miller who closed the program with an appropriate reading.

Mrs. J. E. Berry was hostess to the club in her home on Jackson Avenue.

SCHUBERT MUSIC CLUB

The Schubert Music Club met Jan. 19, Mrs. Moody as hostess and Mrs. Rector leading the lesson on Chamber Music. The following program was given: Roll call, a brief statement about your favorite selection of chamber music; chamber music, ancient and modern, Mrs.

Rector; a modern quartet and a classic one, Miss Gilbert; chamber music in modern musical life, Mrs. Willingham; music, record—Andante Cantabile from quartet in D major, Opus 11, Tchaikorsky.

Choral practice followed the lesson study.

MDS. WELLS HOSTESS

TO CLUB

Mrs. F. D. Wells was hostess to the Treces Senores Club in her home on Jackson Avenue, Tuesday afternoon with three tables of Contract in play. Mrs. Clinton Barrow made high score for the club and Mrs. Joe Culbertson for the guests.

Following the games a salad plate with Paradise pudding and coffee was passed to Meses. Grogan Turner, Otis Hopper, Bill Rountree, Clinton Barrow, H. L. McBride, J. E. Bury, Buford Dean, Bob Barrow, M. T. Hudson, T. A. Thigpen and Joe Culbertson.

MRS. CORY HOSTESS

TO BLUEBONNET CLUB

Mrs. Jess Cory was hostess to the Bluebonnet Club when she entertained in her home Wednesday afternoon at the regular club hour. Four games of Contract were played with Mrs. J. E. Bury holding high score.

An attractive salad plate with cake and coffee was served to Meses. Carl Clifford, W. J. Poe, D. J. Payne, J. C. Culbertson, J. E. Bury, Bob Barrow and Meses Allie and Pearl Whiteley.

FORD OFFERS TWO NEW CARS and keeps their PRICES LOW

Right — the
Standard Tudor Sedan
60 or 85 horsepower

Below — the
De Luxe Fordor Sedan
85 horsepower

THERE are two new Ford cars for 1938—the De Luxe and the Standard—differing in appearance, appointments and price—but built on the same dependable Ford chassis.

Both bring you the basic advantages of a V-type 8-cylinder power-plant—smooth performance and compact design. The De Luxe Ford has the 85-horsepower engine. The Standard Ford provides a choice of 85 or 60 horsepower.

Both new cars are economical to operate. The Standard, with thrifty "60"

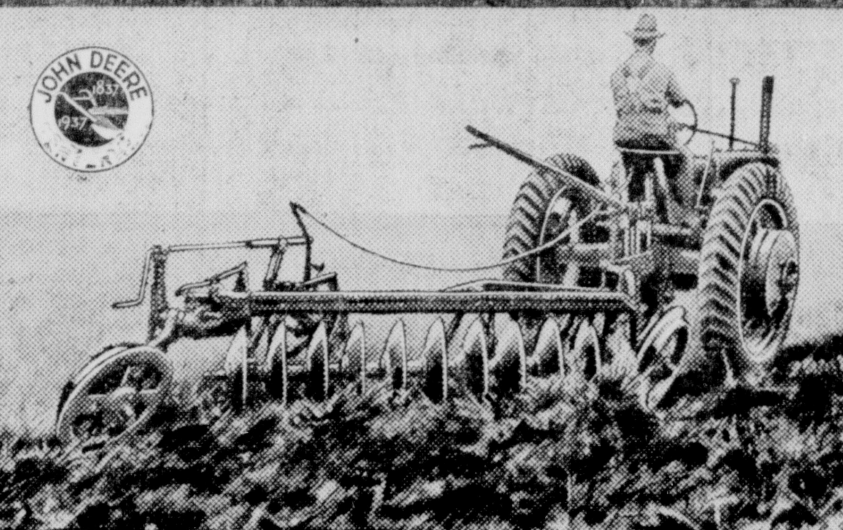

engine, costs less to run than any other Ford car ever built.

And both new cars are priced low. Low price, like economy, is a Ford tradition. Ford founded the low-price field 30 years ago and keeps Ford prices low.

The De Luxe Ford costs slightly more than the Standard Ford, but provides more style with extra room in the closed sedans. Both cars, in proportion to price, represent unusual values. Both are built to the same high standard of mechanical excellence. There's a dealer near you.

ALWAYS the BEST in TRACTORS & FARMING EQUIPMENT
101 Years of Supplying the Farmers With Planting and Harvesting
Equipment

WHO CAN UNDERSTAND WHAT HE IS TO DO?

Below is a reprint from one of our daily papers, trying to tell the man or woman when and how to obtain "Exemptions" from a poll tax, or to be able to vote without a tax receipt.

Both the law and the lawyers are vague in the matter. It would seem that it all depends on when, and where one found himself 21 years of age. But let's read:

* * * * *

* "Persons residing in a city *
* of 10,000 population or more *
* who become 21 years old sub- *
* sequent to Jan. 1, 1937, and *
* prior to the date of the elec- *
* tion in order to be qualified to *
* vote must obtain before Feb. *
* 1 an exemption from the pay- *
* ment of poll tax. Those be- *
* coming 21 after Jan. 1, 1938, *
* and prior to the election must *
* anticipate their birthday in ob- *
* taining the exemption certifi- *
* cate. *
* *
* "Persons living in a city or *
* less than 10,000 population *
* who become 21 subsequent to *
* Jan. 1, 1937, and prior to Feb. *
* 7, 1938, must secure prior to *
* Feb. 1 a poll tax exemption *
* certificate, but those who reach *
* 21 subsequent to Jan. 31 of *
* this year and prior to the date *
* of the election are not requir- *
* ed to secure such a certifi- *
* cate." *
* * * * *

Now go back and read it again, young voter or citizen just reaching or soon to reach 21. Pinch yourself and see where you are. It is funny that exemptions depend on the place one lives . . . why not the side of the creek or river the 21st year finds a person?

If we may, let us help out a bit here. You either do or do not live in a city of 10,000 population. Suppose you DO . . . suppose you were 21 years of age during 1937, you do not have to pay a poll tax but you must have an exemption certificate issued to you before Feb. 1, 1938, if you care to vote this year. But suppose you DO live in such a big city and you become 21 after January 1, 1938 . . . say, for example in June of this year or even August and there is an election just after that eventful birthday, you could not vote unless you get that exemption certificate before the FIRST of this Feb.

Now the only difference between the person becoming 21 in the 10,000 population town to that of a rural community or smaller town is that you must get the same exemption certificate unless you become 21 AFTER January 31 of this year. Then you don't . . . just wake up with nothing young man and vote if you were 21 after this month passes.

To our way of thinking . . . if one should be 21 years of age since January 1, 1937 or is sometime this year and wants to vote this year to be safe, better get that certificate, or just walk up and pay that \$1.75 and carry away a poll tax receipt. Paying the tax is about the easiest and safest way. And that reminds us, all who are in the proper age and do not get their poll tax receipt before Feb. 1, can not vote in any election this year. It is worth something to vote and worth a lot to keep the ballot box clean. Paying a small poll tax is our best way.

FOR SALE

Jno. J. Bryant cottonseed, Mebane strain. Been planted one year from his breeding farms. Handled carefully at gin and also machine culled. One dollar (\$1.00) per bu. See BUNK GILL on Guy Poe's farm, Hamlin, Texas, Route 3. (13-2p)

CAR TO TRADE FOR LIVESTOCK

It's a Dodge Pickup and will sell or trade for stock. JOHN V. HARWOOD.

LOST

A rear wheel shield to a Chrysler car was lost either in Hamlin or on the road to Anson. Finder will be rewarded. Leave at Herald office or with owner.

P. F. FANNIN. (13-p)

Mr. and Mrs. M. T. Woodward and daughter will visit relatives in Brownwood this week end.

Little Bill Wilson who has been very ill at the home of his grandparents, Mr. and Mrs. W. F. Johnson, is recovering. Bill became seriously ill in his home in El Paso and doctors advised he be taken to a lower altitude. Mr. and Mrs. Wilson brought him to the home of her parents here, Saturday, and Mr. Wilson returned to El Paso Sunday.

W. E. Dunnam, proprietor of the Helpy-Selfy grocery that was burned out several weeks ago, just moved his goods that were not too badly damaged, to the Medford corner, across from the Herald office and has done business in the open air regardless of rain, wind and cold. He is planning to operate on new lots, probably where he is now, in a new semi-open air house.

Gordon Dunnam was taken to the Hamlin Hospital for an operation for appendicitis on Tuesday of this week. He is doing fine.

GRAPE PROSPECTS

A "Sour Grapes" policy, or sweet grapes either, might bring good luck to Texas, according to agricultural reports. Studies show that Texas is a natural vineyard, but that only about 1,900 tons of grapes were produced in 1935. Since there are about twenty-five general species of grapes in the entire world, and about fifteen of these are native to some part of Texas, it seems that some farmers may be overlooking a good bet.

Curiosa Americana

By Elmo Scott Watson

Acrosticurse

UNIQUE among the maledictions heaped upon the head of Benedict Arnold for his treason during the Revolution was an acrostic poem, composed by his cousin, a patriot and sailor named Oliver, who visited the traitor in England after the war, and was noted for his skill at impromptu versifying. When Arnold asked him to amuse a party of English officers with an exhibition of that skill, this was the surprising result:

B orn for a curse to virtue and man-
kind,
E arth's broadest realm ne'er knew so
black a mind,
N ight's sable veil your crimes can nev-
er hide,
E ach one so great, 'twould glut his-
toric tide,
D efunct, your cursed memory will live
I n all the glare that infamy can give,
C urses of ages will attend your name,
T raitors alone will glory in your
shame.

A mighty vengeance sternly waits to
roll
R ivers of sulphur on your treacher-
ous soul:
N ature looks shuddering back with
conscious dread
O n such a tarnished blot as she has
made,
L et hell receive you, riveted in chains,
D oomed to the hottest focus of its
flames.

THE REST OF THE RECORD

BY JAMES V. ALLRED
Governor of Texas

Throughout the history of Texas the General Land Office has been one of the most important state offices. Its importance has increased tremendously during the past few years due to oil development in practically every county in the state.

Along the Gulf Coast of Texas numerous domes have been discovered and the submerged coastal lands belonging to the State have become potentially very valuable. Under the law the Land Commissioner has the right to lease these lands for oil development, of course, he does not have to lease them unless he wants to.

During the past year the new Land Commissioner, Mr. McDonald, has leased hundreds of thousands of acres of land, much of it along the coast. In nearly all instances he has leased the land for a very small cash consideration, and providing for a bigger royalty if oil should be discovered; but the trouble is that the State is taking a gamble on whether oil will be found or not.

It seems to me that if we are going to gamble on oil being under our land, we ought to gamble the whole thing rather than to sell 13-16 of the oil, for instance, for two or three hundred dollars with no requirement for immediate drilling. The only reason for leasing land with a big overriding royalty is that we should know two things: first, that oil is certainly under the land, and second, that it is going to be developed immediately.

Now in practically all the cases where the Land Commissioner has leased these submerged lands for from one hundred to two, three or four or five hundred dollars, he has not required immediate drilling and in most cases no drilling has been done, even though some of the leases are over a year old. On the other hand, he has been offered hundreds of thousands of dollars in cash and the usual 2-16 royalty. For instance, one cash bid was \$69,000.00 with 2-16 royalty. In other words, the company bidding \$69,000.00 was willing to gamble that amount for 14-16 of the oil if it should be discovered. The Land Commissioner, however, awarded a lease for \$310.00 with a 3-16 royalty. In other words, the people who got that lease got a 13-16 gamble for \$310.00, where we could have received \$69,000.00 for a 14-16 gamble.

The Senate Investigating Committee is going into all these matters during this week, and I will try from time to time to give you some of their discoveries.

HEALTH NOTES

By Geo. W. Cox, M. D., State Health Officer

AUSTIN, Jan. 26.—Filthy rest rooms used by the public at Texas cafes, taverns, filling stations and retail establishments are a menace to the health of the community and the state, and cannot be further tolerated, it was announced this week by Dr. Geo. W. Cox, state health officer.

"The State Health Department at this time serves warning to all concerned that public rest rooms must be maintained in a sanitary manner, under penalty of violation of the State Food and Drug law, Article 695, which carries a fine of not less than ten nor more than one hundred dollars," Dr. Cox stated.

"Disease breeds in such places when they are allowed to be filthy, and disease is spread from one person to another, indiscriminately, under such conditions. Facilities should be available for washing the hands; toilets must be sanitary and kept that way. The rest room that does not meet adequate sanitary requirements is a reflection on the establishment which it serves and should be interpreted.

"We ask the citizenship of Texas to join us in this campaign to clean up rest rooms that are filthy. Such conditions as are now prevalent throughout the state will not be tolerated any longer. When you find a rest room that is unsanitary, report that fact to the management and your local health authorities. If the management takes no steps to clean up its rest room, you are advised to withdraw your patronage

WASHINGTON NEWS LETTER

(FROM CONGRESSMAN
CLYDE L. GARRETT)

UPTURN TO BEGIN

Economists believe that an upturn in business is about to begin. Industrial production low, is expected to be reached in January. In December a level of 83 per cent of the 1923-25 average was reached. This month the rate will probably be 80 per cent. The recovery will be rather slow and may meet with difficulties, but more buying is felt in commodities. While the prices of finished goods have dropped, raw materials have turned up slightly. There has been large purchases of cotton, copper and other commodities, which are good signs.

XX

HIGHWAY SAFETY

Something definitely should be done about safety on highways. Instead of a decline in the highway accidents and death rate, it increases. More people were killed and hurt on the highways in the United States the past year than ever before. Estimates show 1,374,000 were injured and 40,000 were killed.

XX

HALF MILLION ACRES OF FORESTS PLANTED IN 3 YEARS

More than 145 million trees were planted on the National Forests in 30 states during the calendar year 1937. The year's planting covered 153,000 acres. The 1937 planting brings the total on the National Forests in the past ten years up to 597,000 acres, of which 502,000 acres have been planted during the past three years. Trees used in the planting are produced in 31 Forest Service Nurseries and the planting is done largely on burned-out and cut-over areas where regeneration of the forest cover is not taking place efficiently under natural conditions. The CCC has made possible a greatly increased planting program.

XX

INCREASE IN GENERAL RELIEF

From November to December 1937 the number of cases receiving general relief in 58 cities increased 17 per cent and the amount of obligations incurred for relief extended to these cases increased 18 per cent. These facts were ascertained by the Social Security Board at the request of the Senate Committee to Investigate Unemployment and Relief. Telegrams were sent to cities of more than 100,000 population and complete replies were received from 58 cities in time for inclusion in this tabulation. The population of these cities is 43 per cent of the urban population and 24 per cent of the total population of the United States.

XX

COTTON LOANS

Commodity Credit Corporation announced that "Advice of Cotton Loans" received by it through Jan. 1938, showed loans disbursed by the corporation and held by leading agencies on 4,558,439 bales of cotton. Amount of loans aggregated \$199,999,840.50 and represented an average of 8.38 cents per pound.

XX

NEW BULLETIN

Soil conservation and wildlife management go hand in hand, according to a new Farmer's Bulletin that explains how farmers can control soil erosion and at the same time create potential havens for game birds, fur-bearing animals, and various other forms of desirable farm wildlife. The new publication, Farmer's Bulletin No. 1788, is written in popular style and is freely illustrated. Copies may be obtained by writing to my office.

XX

FIREPROOF FABRICS

Fabrics can be fireproofed and made safer for clothing and house-furnishings by a simple and inexpensive process by dipping them in a colorless liquid, a solution of sev-

from that establishment in the interest of protection to your health.

"To Texas business concerns, the State Health Department issues a warning to clean up their rest rooms and keep them clean. A court charge for them if they do not comply. To the citizens of Texas, we ask that you demand of the establishments which you patronize, a clean rest room as protection to your health. It is your right. See that you have it so recognized and maintained."

CONOCO CREDITS NEWSPAPER ADS

Giving due credit for the best year in its history to the heavy use of newspaper advertising, the Continental Oil Company today announced that its 1938 advertising appropriations for newspaper space will be increased by 17 per cent over the 1937 expenditures.

Continental during the coming year will allot to the daily and weekly press about 66 per cent of all that is to be spent on consumer media and will place advertising in approximately 1,250 newspapers. The new advertising will continue to deal with Conoco Bronze gasoline and Conoco germ processed motor oil and the action of this lubricant, due to the present of a product of the research laboratories, in forming an abnormally tough film that stays on metal surfaces even while the motor is idle, instead of draining off.

The new campaign, which has been carefully checked for reader response in selected test areas at Colorado Springs, Colo., and in Richmond, Va., will also stress the position of local Conoco dealers as "mileage merchants" who are independent of the company and must deal with the customer on the basis of their own ability and standing in the community they serve.

en ounces of borax and three ounces of boric acid in two quarts of hot water. This treatment will not protect fabrics from injury by flame or intense heat, but it will prevent the fabric from bursting into flame, and spreading fire that endangers homes. The borax-boric acid solution may be applied by dipping the fabrics until they are thoroughly moistened, then wringing out the excess and allowing them to dry. Treated cloth may be ironed just before it is dry. The solution may be also applied by sprinkling or spraying the fabric enough to moisten it. A copy of Fireproofing Fabrics, Farmers' Bulletin, No. 1786, may be obtained by writing to my office.

XX

FEDERAL HOUSING

Gross business transacted by the Federal Housing Administration has passed the two billion dollar mark. Approximately \$650,000,000 of this amount was transacted during 1937. The gross total includes: Mortgages selected for appraisal, \$1,399,000,000. Large-scale business projects approved \$41,694,000. Modernization and repair notes insured, \$560,603,000. Notwithstanding the decline in construction activity during the last half of 1937, gains were recorded in the volume of business for the entire year over 1936.

Mrs. Harold Bonner's sister, Mrs. Mildred Neal, passed away Jan. 24th at 5 A. M. in the Young Hospital, Roscoe, Texas. Mrs. Neal was the mother of Janet and Bobbie Neal who make their home with Mr. and Mrs. Bonner.

"Iron Lung" Fights Paralysis

To Texas communities which may suffer from the scourge of an infantile paralysis epidemic will be sent equipment, money, and personnel as needed by the new Foundation for Infantile Paralysis. Like the Red Cross, the new Foundation will fill the gap in every crisis. Money for the Foundation will be raised by the hundreds of President's Birthday Celebrations throughout Texas and the nation, January 29. The picture shows an "iron lung" at Baylor Hospital, Dallas, with an infantile paralysis sufferer under treatment. "Iron lungs" will be made available to save lives of children in every Texas community in case of epidemic conditions of infantile paralysis.

KNOW TEXAS

By F. L. McDONALD, T. S. C. W.
NEWS BUREAU, DENTON

ROMANCE AND SOAP

DENTON.—Exotic, moonlit nights seem more in harmony with the Yucca, creamy desert flower of West Texas, than such a drab, everyday article as soap, but experiments have proved that soap can be made from the root of the plant. Even more unromantic but practical from the ranchman's standpoint is the fact that the leaves are good emergency cattle feed.

FUTURE FOR CEDARS

Woman's beauty in a few years may be somewhat dependent on the cedar trees of Texas. Cosmetics, perfumes, soaps, medicines, paints, varnishes, waxes, etc., are among the products that can be made from cedar oil, according to recent discoveries. The possibility of large-scale manufacture of these products makes the fact that Texas has probably the largest supply of uncut cedar timber in the world assume a new significance.

GETTING SPECIFIC

An example of getting law-making down to a fine point: In a certain Texas community the law provides not only that an election booth must be of a certain exact dimen-

sion, but that it must contain a shelf on which the voter can rest his elbow while writing. An armchair and smoking stand ought to be next in line.

Dr. Gus Schulze, of El Campo, Texas has 200 acres of land 10 miles west of Hamlin and he sends his One Dollar every year to the Herald to try to keep up with the doings of this part of the oil world. Dr. we thank you for the interest you have and we wish we could tell you that a new oil well had come in out there this week. But not yet. However, Dr. Schulze, it looks like Fisher County has something. As time goes on, the big companies will keep edging in on that oil and no telling how many wells will be producing in the future.

Mr. and Mrs. Cobb, of Tulia, have recently moved into the Hamlin community ten miles west of town. They occupy the C. C. Wilson farm and have already started making acquaintances in Hamlin.

World's Greatest Guitarist

ANDRES SEGOVIA, a Spaniard from the romantic hills of Granada, acclaimed the world's greatest guitarist, will be presented as guest artist on Columbia's Sunday edition of the "Heinz Magazine of the Air," January 30th, heard from 5:00 to 5:30 p.m., EST.

Segovia, who raised the humble guitar to the status of a concert instrument, will play "Allegro," a special composition written for the guitar by Nicolo Pacagnini, and "Gavotte" by Bach.

Although he was the idol of London, Paris and Madrid for several years, Segovia was practically unknown when he arrived in this country for his first appearance in 1928. His New York debut made musical history, being the first guitar recital given in this city.

By sheer genius Segovia demonstrates undreamed-of possibilities in this poor Cinderella of musical instruments and within the compass of six strings he can achieve an intricate polyphony from the great classics. So remarkable is his talents that composers like De Falla, Turina and Torroba are writing music especially for him. This will be Segovia's first appearance in

Andres Segovia

America since an extended European tour, and during his eighth visit to this country he will give recitals in all the leading cities.

McCAULEY MATTERS

By JOHN P. HARDESTY

Prof. W. A. Stephenson, head of the department of government of Hardin-Simmons University, has accepted an invitation to deliver the Washington birthday address for the McCauley Masonic lodge, February 22, at 7:30 P. M. The families of the members of the lodge will be guests on the occasion, along with friends who may be invited by lodge members. A feed of good things to eat will be a feature of the celebration.

Mr. F. E. Hines, who has completed his term as carrier of the mail in the McCauley route, has joined his family at Rule. Mr. Hines was 65 years old on Jan. 21, and according to the rules of the Civil Service, he retires on a pension. Virgil Steele, substitute on the route, has taken over and will continue as carrier until Mr. Hines' successor may be named. Our citizenship regret to lose Mr. Hines and his family from this community.

Betty Ruth Keen was hurried to a Sweetwater hospital last Wednesday afternoon where she underwent an emergency operation for appendicitis. She is reported doing well and was returned to the home of her parents here, Mr. and Mrs. W. C. Kean, Monday of this week.

Rev. Joel V. Grimes of Avoca, will occupy the pulpit of the Baptist church next Sunday morning in the absence of the pastor, who will preach at Lueders, and represent the West Texas Welfare Association. Brother Grimes, in addition to his duties as pastor of the Avoca Baptist Church, is serving as county commissioner of the Stamford precinct in Jones County. He is a splendid preacher and the McCauley people should hear him on next Sunday at 11 o'clock.

Rev. O. C. Byrd, of Hitson church, and a pastor in Haskell County, was a visitor at the Baptist Church services Sunday evening. Brother Byrd is a young man, just ordained a few months ago by the Hitson church. He has agreed to supply for us at an early date.

Mr. and Mrs. Luther Rector were week-end visitors in Dallas.

The following attended the B. A. U. rally at Sylvester Baptist Church last Friday evening: Mr. and Mrs. Edwin Johnson, Mr. Roy Hennington and the Hardestys. The next rally will meet with McCauley church Friday evening after the third Sunday in February.

Mrs. Marvin Rhoten was called to Abilene last Friday to the bedside of her mother, Mrs. J. P. Wood, who was reported to be critically ill.

Mr. and Mrs. Garland Davis and their foster son, Don, spent the week-end visiting Mr. Davis' parents and other relatives at Roby.

Mr. Rex Kemp has been chosen superintendent of the Methodist Sunday School to succeed W. H. Pickron. The Pickrons moved to Mineral Wells last Saturday. N. D. Miers transferred them in his truck to their new home, returning Saturday night.

The C. A. Webb family had as Sunday guests his niece, Mrs. Desie Mefford, her daughters, Elizabeth and Mrs. Aula Arbuckle, and Mrs. Arbuckle's son, Fred Robert, and daughter, Dorothy Jean, and Mr. C. B. Jernigan, all of Wichita Falls.

The Hardestys received the announcement of the arrival of Hilary Leon, born to Mr. and Mrs. Leon C. Ranson, of Abilene, Jan. 20. Mr. Ranson will be remembered by his friends as the former assistant county agent of Fisher County. He is a nephew of the writer. He is at present assistant county agent at Abilene.

Rev. C. A. Bickley, presiding elder, will hold quarterly conference for the McCauley charge Sunday evening, Feb. 6, at the McCauley M. E. Church at 7:30. Brother Bickley will preach and follow the sermon with the conference. Boyds Chapel and Neinda are in the McCauley charge. Rev. J. R. Bateman is the pastor.

Rev. and Mrs. J. R. Bateman had Principal and Mrs. G. R. Bennett, of Hamlin High School as dinner guests last Sunday. The Batemans and Bennetts are former neighbors at White Flat, Motley County. The Bennetts were married by Brother Bateman at White Flat.

Other Hamlin friends who have made substantial gifts toward the building fund for the Baptist pastor's home, and not reported last week, are Mr. Carlton (blacksmith), Elmer C. Feagan, Conoco distributor; Maples Funeral Home, and A.

P. Patterson. The amount secured to date stands at \$540.

Approximately 30 per cent of the school pupils have been recently vaccinated against typhoid, small pox and diphtheria.

A training school for Boy Scout leaders will be held at the Baptist Church, beginning next Tuesday evening at 7 o'clock, and continuing each Tuesday evening for five consecutive weeks, under the direction of Scout Executive Al Stiles, of the Buffalo Trail Council. Attending will be representatives from the Sweetwater district, including Roscoe, Blackwell, Sweetwater, Roby, Rotan, Sylvester and McCauley.

The McCauley troupe of Boy Scouts will give a program at Neinda Monday evening, Jan. 31, at 7 o'clock. Mr. J. W. Hendrickson is director of this troupe. Object of this program is to enlist other boys in Scouting.

This scribe and his manager (or manageress) are enjoying spare ribs, sausage and fresh ham, thanks to the John Wishert and Mrs. A. E. Woods families. We know a scripture which says, "Go thou, and do likewise." "A hint to the sufficient is wise." Other who have remembered us earlier are the Keans, Jack Johnsons, Frank Houghtons, M. L. Akins and G. Deans.

BOYD CHAPEL CHIRPS

Don't forget, folks, next Friday night there will be a concert at the Baptist Church. Admission will be 10c and 15c, proceeds of which will be used to help pay Mr. Shipp and Mr. Bennett, the teachers of our singing school.

Mr. Will Bennett, of Spur, is staying with his sister, Mrs. G. W. Bristow, and taking treatment from a doctor in Abilene.

Mrs. Eric Crow was called to Abilene Monday because of the serious illness of her father, Mr. Hill.

Mr. and Mrs. J. D. Ault and daughter, La-Vonne, of Los Angeles, Calif., visited with their aunt, Mrs. L. F. Cozzen and family, last week. Mrs. Cozzen accompanied them to O'Brien to visit their grandmother, Mrs. Duprey, and other relatives.

We are very proud of the Hamlin girls basket ball teams since two of the best players, Robbie Cornelius and Betty Cozzen, are from our community.

Mr. and Mrs. J. P. Cornelius and Mr. and Mrs. F. L. Wood attended the tournament last week end in which Hamlin girls won the trophy.

Mrs. Viola Brown visited with Mrs. W. S. King of Anson Saturday.

A large crowd from our community enjoyed the singing at Hamlin Sunday. On next fourth Sunday afternoon the convention will meet in our community.

WISE CHAPEL NEWS

(By Catherine Drake)

Here we come again after a week's absence.

All the farmers are rejoicing over the rain we had Saturday night and old Man Winter gave us a visit too, which wasn't wanted.

Mr. and Mrs. Ike Dixon and Mr. and Mrs. John Dixon and daughter of Idalou are visiting Mrs. J. J. Herbst, Mr. and Mrs. Rufus Herbst and Mr. and Mrs. Dave Herbst this week.

Mrs. L. Bush was called up to Hamlin Wednesday on account of the illness of her grand daughter.

Mr. and Mrs. Olehon Vaughan and family of Dovie spent Sunday with her parents, Mr. and Mrs. A. P. Proffitt.

Mr. and Mrs. Ewel Agnew of Lamesa spent the week end with his mother, Mrs. J. H. Agnew and family.

J. H. Hayes has returned home from East Texas.

Miss Maggie Bush is visiting her brother, Mr. Jerry Bush and wife of Post.

Rev. Shannon and daughter, of Abilene, spent Sunday with Mr. and Mrs. W. W. Fletcher and family.

Mr. and Mrs. Ewel Agnew, of Lamesa, Mrs. J. H. Agnew and family, Mr. and Mrs. David Shirley, of Sinclair, Mr. and Mrs. Iris Treadwell and family of Plainview, spent Sunday with Mr. and Mrs. Johnnie Agnew and family and Mrs. E. A. Isbill.

We are glad to report that Mrs. W. B. Teague is still improving. Hope she will be able to return home soon.

SAFEWAY STORES

METHODIST CHURCH

Sunday school at 9:45. Let each teacher be on time and each pupil in his or her place.

Preaching at 11. Subject, "On Being Civilized to Death." The Leagues meet at 6:30.

Preaching at 7:15.

We are now featuring our song service at the evening hour. Come and tell us your favorite song and we will sing it. Let each feel personally interested in the success of each of our services. Our sermon theme for the evening will be "The First Coward in the World."

Remember, you are always welcome to worship with us.

H. W. HANKS, Pastor

John Howard and a friend, both students in John Tarlton College at Stephenville, came up Sunday for a short visit in Hamlin. J. V. took them back Tuesday.

Miss Inez Howard is at home from Simmons University where she has just finished the first semester. She will likely not return till next September.

NAZARENE CHURCH

(W. F. RUTHERFORD, PASTOR)

The Hamlin Church of the Nazarene Young People will meet with the Hamlin Church Jan. 30th. There will be special programs at both the Sunday School hour and in the afternoon at 2 o'clock. This will be an all day rally. Rev. Herschel Murphy, District N. Y. P. S., will preach at 11:00 A. M. and 7:30 in the evening. There will be a basket lunch, and all are invited. Come and let us enjoy this feast of good things.

W. F. Rutherford, Pastor.

Miss Ann Hudson, teacher of Home Economics in the Hamlin High School, was called to her home in Denton Monday afternoon because of the serious illness of her father who died Tuesday night at nine o'clock. Funeral services were held in Denton Wednesday afternoon at three o'clock. The many friends of Miss Hudson will sympathize with her in the loss of her father.

Up right paper files at the Herald Office.

UNION TABERNACLE

Attorney Ernest W. Wilson, of Abilene, will speak at the Union Gospel Tabernacle, Saturday night, beginning at 7 o'clock.

Attorney Wilson is not only a successful lawyer, but an outstanding religious worker, and devotes a great deal of his time to this needy cause.

We will have an interesting 30 minute musical program before the regular service. Come early and enjoy this part of the service.

Everybody invited to attend.
Dr. L. P. McCrary.

CARD OF THANKS

We wish to thank our friends for their many words and acts of kindness during the illness and death of our sister and mother, Mrs. Mildred Neal. We deeply appreciate the many floral offerings and other expressions of sympathy.

Mr. and Mrs. Harold Bonner, Janet and Bobbie.

QUILTING CLUB

The Busy Bees Quilting Club met Tuesday, January 25, with Mrs. Johnny Agnew. Despite a cold sandstorm a good crowd was present. Two quilts were finished and another quilted on.

Members present were: Mrs. Marvin Carlton, Buren Carlton, Watt Fletcher, Earl Ray, Banks Green, Ralph Riddle, W. L. Fletcher, A. A. Oliver, J. H. Agnew, P. H. Beauchamp, H. C. Harber, Howard Jenkins, Elmer Joiner, Urby Weaver, Bert Fomby, R. C. Hays, D. M. Harris, Clarence Street, J. F. Vaughn, Hugh Jones, O. L. Jenkins, E. A. Isbill, Miss Bessie Hays and Bert Agnew. Visitors were Mrs. Bryan Agnew and the Misses Maud, Della and Catherine Drake.

Next club day we meet with Mrs. Marvin Carlton. Come, bring your thimble, a covered dish and a "quitting notion."

Mrs. George Bury and son, Donald, are visiting her parents in Austin.

KEEP THE HERALD COMING.
